Tips?

For your health Get tested

Getting tested for HIV at least once a year will help you understand your health status.

- ✓ Methadone clinics offer free annual HIV testing
- ✓ AIDS Hotline **2780 2211**

**Free
Anonymous
Confidential**

Tips!

Zero syringe

Zero infection

Don't use syringes to inject drugs, and never share syringes with anyone. Protect yourself from contracting HIV, hepatitis B, hepatitis C, and tetanus infection.
